

README File

Overview

Akari Academy is a play-based early childhood education website designed for children aged 3–6 years. It presents a structured but warm learning environment where toddlers are guided through creativity, discovery, movement, language, music, and values-based development.

The website represents a full academy system with multiple pages:

- Home (Index)
- About
- Programmes
- Contact / Apply

The design and content focus on early childhood learning, emotional development, and playful exploration in a safe and nurturing environment.

Core Concept

Akari Academy is built on one central belief:

Children are born with light.

They are not empty vessels to be filled, but individuals already carrying brilliance that must be nurtured, guided, and expressed through meaningful experiences.

The academy exists to create an environment where that light is visible through learning, play, creativity, and discovery.

Website Structure

Home Page (Index)

The homepage introduces Akari Academy with a strong emotional and visual identity:

- Supporting message about children's early journey and growth
- Feature highlights:
 - Ages 3–6 years
 - Play-based learning
 - Safe and caring environment
 - Experienced educators

The homepage also includes a summary section reinforcing the academy's philosophy of nurturing natural brilliance.

About Page

The About page explains the foundation of Akari Academy through structured sections:

- Foundations of Brilliance: Introduction to the academy's purpose and philosophy
- Mission Statement: Focus on safe, joyful, and enriching learning experiences
- Vision Statement: A world where every child is recognised as a bearer of light
- Core Philosophy: Children are already lights; the role of education is to reveal and nurture that light
- Meaning of Akari: Light, radiance, and natural blooming growth

The tone is reflective, value-driven, and spiritually inspired.

Programmes Page

The Programmes page outlines structured early learning stages and enrichment classes.

Core Age Groups:

- Early Learners (3–4 years)
- Pre-Kindergarten (4–5 years)
- Kindergarten Prep (5–6 years)

These focus on:

- Communication development
- Early literacy and numeracy
- Social and emotional growth
- Creativity and imagination
- Confidence building
- School readiness

Enrichment Classes (Tiny Worlds)

Akari Academy uses themed learning environments:

- Melody World: music, rhythm, singing, and sound exploration
- Aqua World: water confidence, coordination, and beginner swimming
- Language World: multilingual exposure, storytelling, and communication
- Creative World: art, imagination, and hands-on creative expression
- Discovery World: early STEM thinking, sensory play, and exploration

- Nature World: outdoor learning, gardening, and environmental awareness
- Values World: emotional intelligence, kindness, respect, and moral growth
- Movement World: dance, coordination, physical development, and active play

Each programme is designed for early childhood development through guided play and exploration.

Contact / Apply Page

The Contact page includes a registration form for parents and guardians.

It collects:

- Student details
- Guardian details
- Contact information
- Address and phone number
- Age group selection (3–6 years)
- Optional enrichment class selection
- Comments and additional notes
- Newsletter signup and terms agreement

The purpose is to allow parents to enrol their child into Akari Academy easily.

Design System

The website uses a soft, warm, and child-friendly aesthetic:

- Pastel-inspired colour palette
- Cream, peach, soft green, and muted earth tones
- Rounded shapes and soft shadows
- Gentle typography
- Playful but structured layout
- Visual focus on children and learning environments

The design supports emotional warmth while maintaining clarity and usability.

Technical Overview

Built using:

- HTML5 for structure
- CSS3 for styling and layout
- Flexbox and float-based layouts
- Responsive design for mobile screens
- Form handling via basic HTML form submission

Key UI features:

- Responsive navigation bar
- Feature icon section
- Card-based programme layout
- Alternating profile sections
- Styled form with multiple input types
- Background gradients and masking effects

Target Audience

- Parents of toddlers aged 3–6 years
- Early childhood educators
- Guardians seeking structured early learning environments
- Families interested in creative, play-based education

Brand Identity

Akari Academy represents:

- Early childhood brilliance
- Gentle structured learning
- Emotional safety and growth
- Creativity and imagination
- Play-based education

It is a foundation where children are supported to express who they already are.

Final Statement

Akari Academy is a guided early learning world where children are given space to shine, grow, and bloom with radiance through structured play, creativity, and discovery.
